SIR,

Subject Flooring of the four rows of platform in the premises of the Regulated Market Committee, Mysore.

In forwarding herewith an estimate for Rs.19,000/- for the above work, I write to state as follows:-

The original estimate for Rs.29,000/- was prepared for the work based on the rates sanctioned for a similar work in the same area as communicated in G.O.No.L.8232-35/I.T.B.8-54-18 dated 8-10-1954. The estimate was got countersigned by the Regulated Market authorities and before obtaining technical sanction, quotations were called for and as per the lowest quotation, vide Trust Board resolution No. 137 dated 27-7-1955, the estimate amount now prepared comes to Rs.19,000/- This is mainly due to very low rate quoted for the work of flooring, which is a major item of work in the estimate. In the earlier estimate referred to, the lowest rate quoted was Rs.88/- per square, as against the sanctioned estimated rate of Rs.120/- per square, whereas in the present case, the lowest rate is Rs.74/- per square. Thus there is considerable savings as compared with the estimate. The Market authorities of the Regulated Committee have been requested to deposit the necessary amount as per the estimate based on the tender and they are also urging for the work being taken up early. Under the foregoing circumstances, technical sanction to the estimate for Rs.19,000/- may kindly be accorded at an early date.

Flag 'A'

A copy of the original estimate sanctioned in G.O. dated 8-10-54 (referred to above) is also enclosed for kind perusal, along with the tenders received for the present work. Approval is also solicited for

P.T.O

taking up the work at the lowest rates, distributing the same among the two contractors who have quoted the similar rates.

Early sanction to the above proposals is solicited.

Yours faithfully,
